## Make your plans now to buy Money-Making Cattle in the Annual Spring Consignment Sale

★ ★ ★

Have you ever talked with the various men who consign good Shorthorns regularly to the Abingdon Sales? Try it sometime. You'll find that these men are proud to have had a part in building the splendid reputation of this sale. None of them have ever received high prices for their cattle. The prices that have been paid have provided a fair profit for the producer and yet the margin has always been favorable to the buyer. Satisfaction on both sides has been the result and the consignors come back to each sale with better cattle in order that buyers may continue in their appreciation of **Abingdon** as a dependable source of supply.

The Annual Spring Abingdon Sale will be held on March 27. The list of consignors, is the best possible assurance that this will be one of the strongest sale offerings in the history of this event. The bull offering contains an unusual number of ready-for-service bulls that can start in at once to carve brilliant breeding careers, as well as a generous number of exceptionally promising bull calves.

Thirty-six very choice females have been assembled for this sale and these include some of the best potential profit-makers that have ever been sold at Abingdon. There will be plenty of mature cows with calves, plenty of bred heifers and plenty of open heifers that are good enough to win back their purchase price in the show ring. Those who study the catalog will immediately recognize that this entire offering contains the richest possible Scotch bloodlines as well as the get of the most famous sires of the day. As in all former Abingdon sales, pedigrees and health certificates will be provided promptly and everything possible will be done to safeguard the name of "**The Sale of Satisfied Buyers.**"

**Edna-Mae Maid 2085313**—Is a very sweet heifer, with a beautiful feminine head. She comes from that very prolific Village Maid family that have proved so profitable in the herds owned by Charlie Prescott and Ralph Taylor. A sister of this heifer topped the yearlings in the southwestern Illinois Breeders' Sale and a sister to her mother topped the Missouri Shorthorn Breeders' sale for Fairmead Farms. This heifer will make a nice show in the summer yearling class this year and will develop into a good brood cow.

The Twice International grand champion Divide Sensation. A number of the females in the W. R. Jones' consignment to this sale are by his grandson, Sensation Baron.

**The Balance of the Females in  
This Sale represent the Complete  
Dispersion of the W. R.  
Jones Herd.**

★ ★ ★

The announcement that the veteran Shorthorn breeder, W. R. Jones of Big Rock, Illinois, will completely disperse his strong herd of Scotch females in this sale should be very good news to those who are in the market for quick money makers. Mr. Jones, who has bred Shorthorn cattle for more than 40 years finds it necessary, because of ill health, to retire from the farm. The herd that he has maintained on such a high plane from the standpoint of productivity and health, will be completely closed out at Abingdon on March 27th. This group of cattle is comprised of 25 females, nearly all rich cherry reds and all in good condition. Eighteen of these females are of most highly approved Scotch ancestry and of these, seven have calves at foot that are from 5 to 7 months old, these same seven being well forward in calf again. These are really good cows and the calves are the kind that can be developed to the kind of individuals that will completely pay for their mothers. Five more thick, red cows are ready to bring early calves and they will be choice ones. The 12 above mentioned cows are by such well known sires as Divide Emblem, Sensational Baron, Browndale Marshal, Dreadnaught Design and Reserve Field Marshal. Six red yearling heifers of top quality are sired by Masterstroke's Emblem, a red son of Roble Masterstroke. All of the calves at foot are also by him and the bred cows carry his service. Mr. Jones will also sell three young cows, two with April calves at foot and rebred, and four bred yearling heifers, all of them purebred but non-registered females. These are as good in quality as the purebreds but no registration papers can be delivered on this last described group of seven lots. The dispersion of the 25 W. R. Jones females provides a rare buying opportunity.

★ ★ ★

**PLEASE NOTE**—Due to his age and the condition of his health, Mr. W. R. Jones is retiring from the farm. All of his cattle, Lots 31 to 55 inclusive in this sale, have been tested annually for tuberculosis and have been tested within 30 days for Bangs Disease. Every female of breeding age with the exception of two either have a calf at foot or give evidence of being well forward in calf. Attention will be called to these two and any other known faults will be pointed out as the cattle are sold. As this is a complete dispersion of the W. R. Jones cattle, no further guarantees will be given and the responsibility of the seller on Lots 31 to 55 inclusive will end with the delivery of the cattle on March 27th.
